

Subject index

A

- Abortion care, midwife's role, 136
- Adelaide Women's Hospital, women's views of their postnatal midwifery care at, 148
- Anaemia, postnatal, effects, 77
- Anaesthesia in labour and delivery, breast feeding effects of, 87
- Analgesia in labour and delivery, breast feeding effects of, 87
- Antenatal clinics
 - HIV antibody testing, 44
 - task analysis in education and evaluation applied to midwives in, in Republic of Yemen, 104
- Australia
 - Adelaide Women's Hospital, women's views of their postnatal midwifery care at, 148
 - Western, planned home vs. planned hospital births in, matched cohort study (1981-1987), 125

B

- Birth centre care-related breast feeding complication, 8
- Breast feeding
 - birth centre cares and their effects on, 8
 - inverted or non-protractile nipples and preparation for, 200
 - obstetric procedures and analgesia/anaesthesia in labour and delivery and their effects on, 87

C

- Cardiovascular disease, fetal and infant origins, 61
- Childbirth (labour and delivery as a whole), *see also* Delivery; Labour
 - education, provided by midwives in Sweden, 215
 - incest survivors experiences, 26
 - women's perceptions of midwifery care during, 157
- Competence in midwifery, integrated model of, 225

D

- Delivery, analgesia/anaesthesia in, breast feeding effects of, 87, *see also* Childbirth

E

- Education
 - childbirth, provided by midwives in Sweden, 215
 - of midwives in Republic of Yemen, task analysis applied to, 104

H

- Haemoglobin deficits in postnatal women, effects, 77
- Heart disease, fetal and infant origins, 61
- HIV antibody testing in antenatal clinics, 44
- Home
 - births, planned, vs. planned hospital births, matched cohort study in W. Australia (1981-1987), 125
 - postnatal visiting, 40
- Hospital births, planned, vs. planned hospital births, matched cohort study in W. Australia (1981-1987), 125
- Hungarian midwives and their practice, national survey, 67

I

- Incest survivors, childbirth experiences, 26
- International Year of the Family, 3

L

- Labour, *see also* Childbirth
 - analgesia/anaesthesia in, breast feeding effects of, 87
 - third stage of, effects on mother/baby of various components of 'active management' of, 183
 - women's perceptions of midwifery care during, 157

M

- Maternity services, towards a common understanding in, 165

N

- Nipples, inverted or non-protractile, treatment, 200

P

- Parturition, *see* Childbirth; Delivery; Labour
- Politics, midwifery, cross-national analysis, 232
- Population control, 181
- Postnatal women
 - haemoglobin deficits, effects, 77
 - home visiting, 40
 - uterine involution, assessment, 73
 - women's views of their care by midwives, 157

R

- Reading skills, critical research, developing, 18
- Research reading skills, critical, developing, 18
